

How to Log into the Google Education email

On the school [web page](#), look for the Google Apps login along the right hand side.

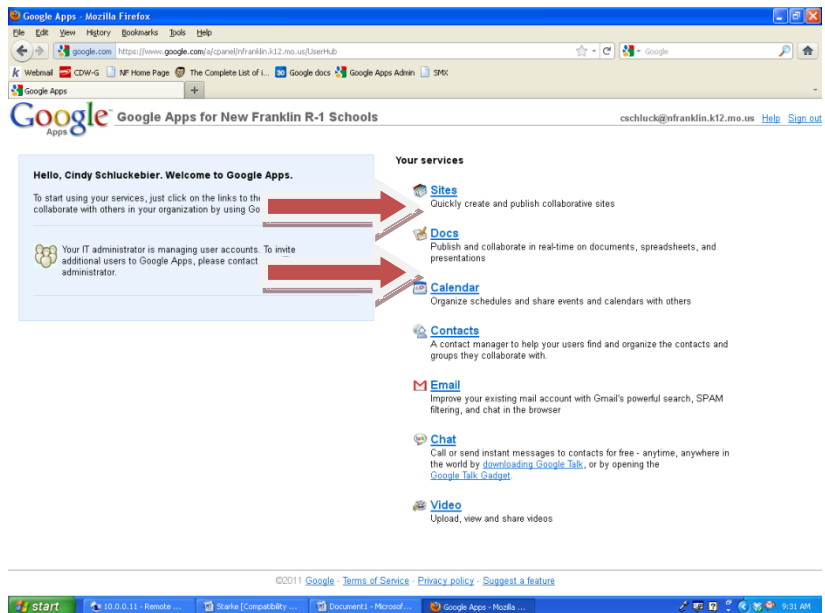

This screen will come up.

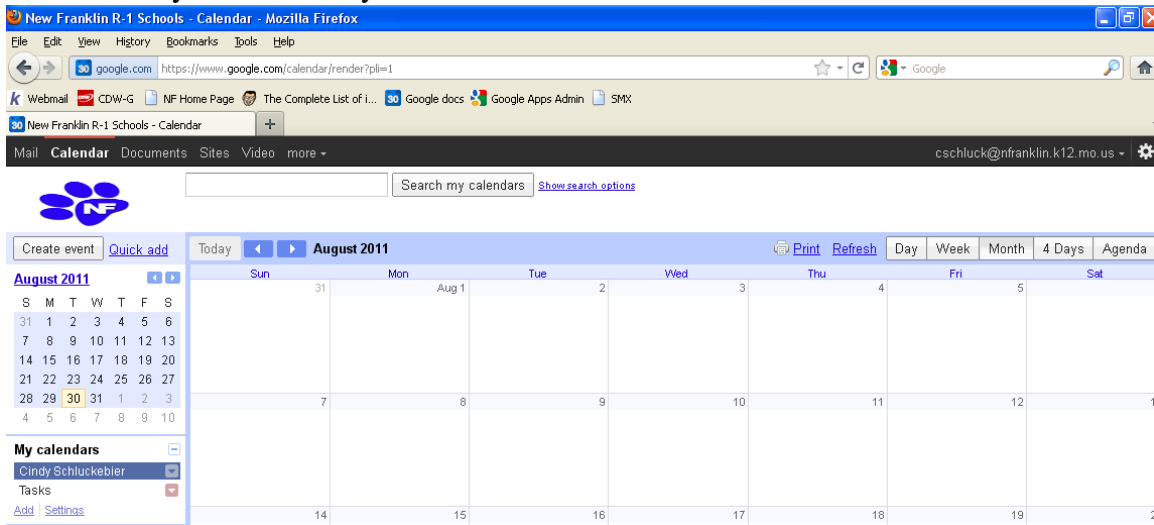

Once you log in, you have numerous options-sites, docs, calendar, contacts, mail, etc.

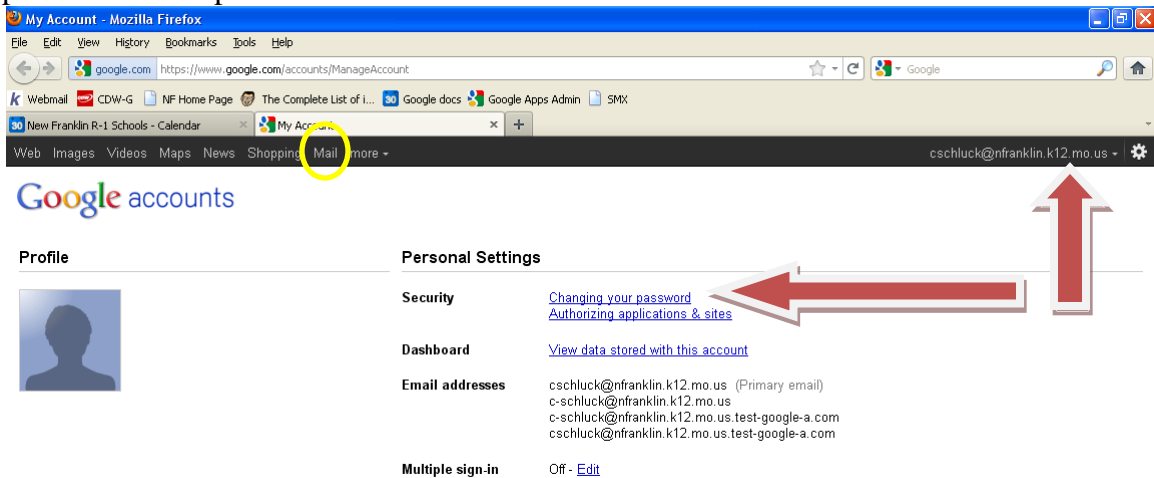

To change your password, choose docs, calendar, mail, etc.

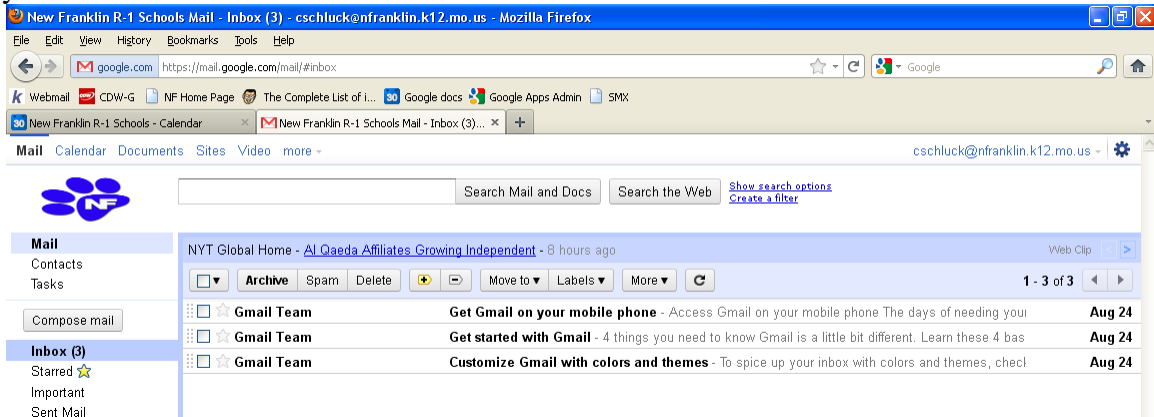

Here is what you will see if you chose calendar.

Now if you click on your email address, you will see account settings and change password is an option.

Now if you want to check your email, select Mail at the top of the page. Below is what you will see.

This is where all of your school email will show up from here on out. Make sure to sign out when done to protect your email from those who should not see it.

The screenshot displays a Gmail inbox interface within a Mozilla Firefox browser. The browser's address bar shows the URL `https://mail.google.com/mail/#inbox`. The page header includes navigation links for Mail, Calendar, Documents, Sites, and Video, along with the user's email address `cschluck@nfranklin.k12.mo.us`. The main content area shows an email from 'Gmail Team' with the subject 'Get started with Gmail'. A red arrow points from this email to the 'Sign out' button in the account settings dropdown menu. The account settings dropdown menu is open, showing the user's name 'Cindy Schluckebier', email address `cschluck@nfranklin.k12.mo.us`, and options for Privacy, Account settings, and Sign out. A note indicates that the account is managed by `nfranklin.k12.mo.us`.
